Hello Shari and Stu. Attached please find a proposal from MakSolve to perform additional sampling in the EA6 area for the purpose better defining the scope of materials that will be removed. Shari please feel free to reach out to John Bowen at MakSolve to discuss. We are planning to schedule this work in mid-March. Thanks. Tim.

Tim,

Our model UAO and RD/RA Scope of Work is on our EPA website, which may help answer some of your questions regarding document submittals, etc. If link doesn't work, you can always google it... Shari

Hello Shari. I just talked with Stu and I wanted to let you know to expect contact from John Bowen at MakSolve in the next few days. I understand you may have already begun drafting a scope of work. I think the best avenue will be for you and John to work through all that for our purposes re EA6. Thanks. Tim.
